Editorial

R.K. CHANDRA 1 There is More to Fish than Fish Oils

Original Articles: Studies in Humans

R. PRÄTTÄLÄ, O. RAHKONEN and A. RIMPELÄ 3 Consumption Patterns of some Sugar-Containing Foods among Finnish Adolescents in 1981-1985

A. NIEWIND, M. KRONDL and M. SHROTT 13 Genetic Influences on the Selection of Brassica Vegetables by Elderly Individuals

A.V.A. RESURRECCION and L.P. PAGUIO 21 Differences in Diet Patterns of Mothers of Preschool Children from Low and Middle Income Groups

Original Articles: Studies in Laboratory Animals

L.P. PORTER, R.F. BORGMAN and S.F. LIGHTSEY 31 Effects of Water Hardness upon Lipid and Mineral Metabolism in Rabbits

G. SARWAR, R.W. PEACE and H.G. BOTTING 47 Bioavailability of Lysine in Milk-Based Infant Formulas Determined by Rat Growth Response Method

F. BLEIBERG-DANIEL, S. WADE, E. BOREL, B. LE MOULLAC, P. GOUACHE, D. BIOU, F. GAUTHIER and D. LEMONNIER 57 The Influence of Intestinal Bilharziasis (Schistosoma mansoni) on Serum Thyroxine-Binding Prealbumin (TBPA) in Rat

J.F. PEPPIN, S.J. TOWNER, M. MATSUOKA, R.I. KAWASAKI, G.A. RAO, and H. TSUKAMOTO 65 Effects of Sustained Ethanol Intoxication and Optimal Nutrition on Free Amino Acid Levels in Plasma, Liver and Muscle of the Rat

J. MC MILLAN, R.E. KEITH and M.H. STONE 73 The Effects of Supplemental Vitamin B6 and Exercise on the Contractile Properties of Rat Muscle

M. JACOB, F.S. BOYLE and J.C.M. CHAN 81 A Comparative Study of the Effects of Hydrochlorothiazide and Amiloride on Kidney Calcium Content in Calcitriol-Treated Rats

(Contents continued)

(Continuation of Contents)

Brief Communications

L. HOFFMAN-GOETZ and R. KEIR 89 Effect of Indomethacin on Interleukin-1 Production in Experimental Protein Malnutrition

C.F. NOCKELS, J. CARNEVALE and D. EWING 95 Effects of Refeeding Fasted Chicks on Serum Thyroid Hormones

M.D. BRACKER, J.W. HOLLINGSWORTH, P.D. SALTMAN, L.G. STRAUSE, M.R. KLAUBER, and N.J. LUGO 99 Failure of Dietary Zinc Supplementation to Improve the Antibody Response to Influenza Vaccine

Review Article

D.L. YEUNG 105 Nutrition of Infants and Young Children in China

I Software Survey Section

Volume 8, Number 2 1988

CONTENTS

Original Articles: Studies in Humans

P.E. JOHNSON, G.W. EVANS and J.R. HUNT 119 The Effect of Picolinic Acid Supplementation on Zinc Absorption by Men Fed a Low Tryptophan Diet

A.S. KEMAHLI, E. BABACAN and A.O. ÇAVDAR 129 Cell Mediated Immune Responses in Children With Iron Deficiency and Combined Iron and Zinc Deficiency

L. RAMAN and K. KRISHNASWAMY 137 Kinetics of Glucose Metabolism in Mothers With Intrauterine Growth Retardation

P. KASHYAP and T. GOPALDAS 145 Impact of Hematinic Supplementation on Submaximal Work Capacity in Underprivileged School Girls (8-15 Yrs)

Original Articles: Studies in Laboratory Animals

J.S. SIM, E. NWOKOLO and R.C. FITZSIMMONS 155 Influence of Maternal Consumption of Hydrogenated Fat on Elaidic Acid (t-C18:1) Content of Egg Yolk Lipid and the Developing Embryo

Z.U. KHAN and U.K. MISRA 163 Endoplasmic Reticulum Phospholipid and Mixed Function Oxidase System on Proteins Feeding
